1. This memorandum contains comments on the briefing [redacted] on Bloc Aid to Indonesia which was forwarded on 6 November for my information and comment.

2. The referenced briefing paper is considered to be an impressive presentation and a very thorough accounting of Sino-Soviet bloc economic activity and military support in Indonesia. Information received since the paper was prepared--as noted below--changes slightly some of the figures, but does not affect the validity of [redacted] conclusion concerning the impact of bloc activities in Indonesia.

3. We are grateful for the opportunity to review the briefing and for the warning nature of a possible need for a similar presentation in Washington. *rat*
